Important things to remember before accomplishing the form:

1. Rows 1 to 17 of the Sheet1 must remain intact and NO row insertions are allowed.
2. Do not rename the label of the sheet tabs ("Sheet1", "Sheet2", and "Instructions").
3. Do not delete any of the sheets.
4. Do not delete the first row of Sheet2. This will serve as the column headers of the data.
5. Do not make changes in the column headers of Sheet2.
6. Do not remove the "Generate Sheet2" command button in Sheet1. This will be used in capturing the data from Sheet1 to Sheet2. The command button is not printable.
7. You may insert as many rows as required from row 18 to list down all the job vacancies. But, make sure that an empty row is in-between the last item of the list and the row containing the "Interested..." statement.
8. The statement following the list of the job vacancies, which contains the words "not later than..." must strictly follow this format: "Interested... not later than <space> <closing date> (e.g. December 29, 2019)". Space in-between the words "not later than" and the closing date is very much critical. Closing date must be in this pattern: Month DD, YYYY
9. Merged cells should NOT be unmerged.
10. Do not enter multiple positions in one (1) row. Each row corresponds to ONLY one position.
11. For the Salary Grade, please do not include the acronym "SG", enter the SG number ONLY.
12. For the Monthly Salary, do not put any characters other than numbers (e.g. peso sign and comma).

How to accomplish the form:

1. In row 4, select the name of the agency from the dropdown list. The name of the agency that you selected is automatically inserted in row 9. Thus, NO need to make changes in row 9.
2. Fill in the "HRMO" in row 11 and the "Date" of request in row 14.
3. From row 18, enter the list of job vacancies following the column headers. One position per row.
4. Make necessary changes in the closing date. It is found in the statement containing the "Interested..." and "not later than" words. Please take note of the No. 8 reminder above.
5. Accomplish the four (4) rows below the statement "QUALIFIED APPLICANTS..." accordingly:
 - 1st row: name of the designated person to whom the documents must be sent;
 - 2nd row: Position of the designated person;
 - 3rd row: Address of the Agency; and
 - 4th row: Agency's email address.
6. Insert rows for the list of job vacancies, if needed. Delete unused rows in the list.

After accomplishing the form:

When all entries are done and no revisions are needed, that is the only time to click the "Generate Sheet2" command button. This will execute the VBA code that will generate the data to be uploaded in the CSC Job Portal database.

After the command button has been clicked, select Sheet2 and check if the correct data has been captured. Having Sheet2 as the active sheet, save the file as a CSV file (Comma Delimited). This CSC file will then be uploaded to the Job Portal database.
